

Complete list of down-the-hole drilling rig accessories

What brands of drill rig parts do you carry?

We carry spare parts for top drill rig brands such as Diedrich, Atlas Copco, Geoprobe™, CME, Acker, Mobile Drill, VersaDrill Canada, GtechDrill, and many others. We also offer drill rig tooling packages for direct push, geotechnical, hollow stem auger, core, and rotary drilling rigs, ensuring you get only the highest quality parts.

Where can I find spare parts for a drill rig?

Look no further because here at Rig Source, we have an extensive inventory of parts for numerous drill rigs. We carry spare parts for top drill rig brands such as Diedrich, Atlas Copco, Geoprobe™, CME, Acker, Mobile Drill, VersaDrill Canada, GtechDrill, and many others.

Does rig source offer drill rig tooling packages?

We also offer drill rig tooling packages for direct push, geotechnical, hollow stem auger, core, and rotary drilling rigs, ensuring you get only the highest quality parts. Downtime costs you money, and no one understands that more than Rig Source.

What DTH drilling tools do you offer?

We offer a complete range of DTH drilling tools including hammers, bits, pipes, adapters, breakout benches and grinding machines with consumables. The history of the down-the-hole hammer manufacturing goes back more than four decades. For the past 40 years and still today, our goal is to produce the best products for our customers.

What type of subs does drilling tools international offer?

.70 ROTARY SUBSDrilling Tools International offers cross-over subs, top driver saver subs, and bit subs for any drill string connection size and function need. Manufactured from alloy heat treated steel, our subs meet API

What rig parts and consumables are available?

The range also includes: Bushings, Couplings, Cylinders, Dampers, Filters, Guides, Hydraulic pumps, Rubber elements, Seals, Sensors, Service Kits, Slide bars, Valves and many more. Our range includes parts and consumables for all leading rig brands such as: Atlas Copco, Sandvik, Tamrock, Ingersoll-Rand, Terex and more.

We have seen down-the-hole products being used in different applications all over the world. We can assist, not only with the complete drill string, but also with ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your

Complete list of down-the-hole drilling rig accessories

productivity and sustainability, while reducing your total operation cost and ...

Oil and gas rotary drilling rig have several tools at rig floor for handling drill string various components. Rig floor is a platform which provide work space for crew ...

The optimum range of hole size for blast hole drilling with DTH is 90 mm to 254 mm (3 1/2" to 10"). Smaller blast holes are generally drilled using top hammer, and larger holes generally use ...

This post highlights the various types of drilling equipment used for a successful oil drilling operation, as well as some cogent factors to consider.

While there are different types of drilling rigs, these rigs obviously share many similarities since the tasks that they perform are identical. In particular, all modern hydrocarbon rotary rigs ...

Explore the different parts of a drilling rig at Rig Source. We provide top-of-the-line drilling machinery to sell the best auger drill bits and drill rods.

Leading Manufacturer of Down-the-Hole (DTH) Drilling Equipment for Mining, Construction & Water Wells. Premium products at fair prices. Get a Quote Today!

A drilling rig is a complete set of drilling equipment for oil and gas exploration and development. It is a joint multi-functional working unit consisting of many kinds of machines. ...

We offer a complete range of down-the-hole products including hammers, bits, pipes, adapters and breakout benches. Read more and contact us here!

2.1 Drilling Rig A drilling rig is a complete set of drilling equipment for oil and gas exploration and development. It is a joint multi-functional working unit consisting of many kinds of machines. ...

Introduction General info The down-the-hole hammer is a percussion hammer drill. The hammer works down the hole at the end of the drill string, where the impact piston strikes the drill bit ...

Down-the-hole drilling pipes Down-the-hole drilling pipes are engineered with cold-drawn seamless tubing material N80 to ensure straightness, thickness and high strength for a ...

7 days a week. Our robust fleet includes a complete line of stabilizers, non-magnetic drill collars, pony collars, sub assemblies, steel drill collars, reamers, and drill.
