

Huatai high-power rock drill

HUATAI DRILL is a leading underground mining equipment manufacturer in China. The main products are face drilling rig jumbo, tunnel drilling jumbo, production long hole top hammer drilling rig ...

These long-hole mining jumbo drills are intended for use in medium-scale mining operations for drilling tunnels with a cross sectional area range from 4m*3.9m ...

Engineered for high-frequency precision, the RC1200/RC1200A hydraulic drifter is the ideal solution for bolt drilling rigs, small tunneling jumbos, and shaft drilling ...

Major Strengths of the Hydraulic Production Drill 1. A high-torque motor and a high-efficiency rock drill work in tandem to create deep, straight holes. 2. The locating system of this drill is ...

Designed and manufactured by Zhangjiakou Xuanhua Huatai Mining & metallurgical Machinery Co., Ltd., HT81 wheel type hydraulic drilling jumbo is mainly used to drill blastholes for ...

Major Strengths of the Hydraulic Production Drill 1. A high-torque motor and a high-efficiency rock drill work in tandem to create deep, straight holes. 2. The ...

CYTJ45 hydraulic drilling jumbo has been engineered for various mines and medium sized drifts & tunnels, with drilling coverage range of 4000x4000-6100x6100mm (WxL). The drilling ...

The underground jumbo drill machine features high precision drill angle indication system, remotely controlled operation platform, and high performance drifter, ...

SJZ series vertical shaft drill is a special equipment to drill blastholes for construction of vertical shaft. It suits a wide range of shaft diameters, and ...

The shaft drill rig is suitable for vertical shaft drilling with a wide range of diameters and features flexible operation and high stability. Outstanding Features of the Vertical Shaft Drill 1. The ...

Our hydraulic drilling jumbo is equipped with a compact structure, small external dimensions, energy efficiency, low noise, multifunctionality, and high ...

The underground rock drilling machine features a working platform for easy boom movement in horizontal direction, high precision drill angle indication system, remotely controlled operation ...

The HT60 underground scaler is a high-performance wheeled machine designed for scaling operations in

Huatai high-power rock drill

tunnels, drifts, and underground chambers across metal mines and various ...

The underground rock drilling machine features a working platform for easy boom movement in horizontal direction, high precision drill angle indication system, ...

Huatai es una empresa china especializada en el diseño y la producción por lotes de equipos de perforación de rocas, incluyendo equipos de minería ...

HUATAI DRILL is a leading underground mining equipment manufacturer in China. The main products are face drilling rig jumbo, tunnel drilling jumbo, production long hole top hammer ...

We manufacture and supply Sale Rock Drill Rig at a factory competitive price with features: Advanced hydraulic rock drill system, Anti-jamming mechanism, Rapid drilling speed and high ...

Huatai was the first domestic company to introduce rock drilling attachments from Montabert who is known worldwide for rock drill products, and it has so far ...

You are now at: Home » Introduction Introduction Zhangjiakou Xuanhua Huatai Mining & Metallurgical Machinery Co., Ltd. is located at Xuanhua Economic Development Zone, Hebei ...

Huatai specializes in the design and manufacture of superior quality rock drilling equipment, offering underground mining equipment, coal mining equipment and shaft drilling jumbos. They ...

Huatai has established an advanced, modern manufacturing complex where we produce some of the world's finest hydraulic drilling equipment.

Our hydraulic drilling jumbo is equipped with a compact structure, small external dimensions, energy efficiency, low noise, multifunctionality, and high efficiency, enabling mechanized ...

The CYTJ45 (HT81) hydraulic drilling jumbo for tunneling is a powerful drilling rig with a hydraulic control system, strong boom and HC109 rock drill. The ...

The shaft drill rig is suitable for vertical shaft drilling with a wide range of diameters and features flexible operation and high stability. Outstanding ...

ZHANGJIAKOU XUANHUA HUATAI MINING & METALLURGICAL MACHINERY CO., LTD. (HUATAI) is located at XUANHUA ECONOMIC DEVELOPMENT ZONE, and majors in the ...

Pre-sales training Huatai provides pre-sales training service to help customers to be more knowledgeable about our rock drilling machines. Before the equipment leaves the factory, our ...

Huatai high-power rock drill

Hydraulic Drifter, RC1200/RC1200A The RC2200 hydraulic drifter is expertly designed for rock drilling rigs and medium-depth mining operations. Built with high-impact power and a ...

HT72-D hydraulic drilling jumbo features compact design, which is used for small and medium sized mines. With flexible design, this mining equipment can be used for drilling horizontal and ...

SJZ series vertical shaft drill is a special equipment to drill blastholes for construction of vertical shaft. It suits a wide range of shaft diameters, and features of flexible operation, precise ...

The drilling machinery comes with fully hydraulic rock drill system and anti-jamming function, allowing for quick drilling speed with low consumption. The drilling jumbo is featured by ...

Y24 Hand-Held Rock Drill Introduction: The Y24 handheld rock drill is suitable for drilling downward and inclined blast-holes in medium hard and hard rock with ...

These long-hole mining jumbo drills are intended for use in medium-scale mining operations for drilling tunnels with a cross sectional area range from 4m*3.9m to 7m*4.8m. Equipped with a ...

Hydraulic Drilling Jumbos, HT81 Our hydraulic drilling jumbo is equipped with a compact structure, small external dimensions, energy efficiency, low noise, ...
