

## Mianzhu 90 down-the-hole drilling rig

TAIYE 's DTH rig machine has high reliability, adaptability, and safety for extreme working environments. They are suitable for blasting perforation of soft rocks, ...

Hard Rock Down The Hole Drilling Rig for Mining BQ-90P DTH driller is a new model drill machine, we develop it specially used for stone quarry and the drilled hole can be different ...

Our Machine Programme All our drilling rigs are available with a wide variety of methods including for geothermal energy, water well, down-the-hole surface ...

The ZT5 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

MWYX-420 separated DTH drilling rig is equipped with a dual-motor rotary head and a rotary speed-adjustable multi-way valve. The rotary torque can be 2200N.m, which meets the needs ...

Sandvik D45KS comes with a high pressure air compressor for down-the-hole (DTH) drilling in gold mining or quarrying. The drill performs reliably across ...

H680 Crawler Hydraulic Down Hole Drilling Rig (90-165mm & 30M Depth), Find Details and Price about Down Hole Drilling Rig Hydraulic Down Hole Drilling Rig from H680 Crawler Hydraulic ...

We are a professional manufacturer. Our factory mainly produces water well drilling rigs, core drilling rigs, down-the-hole drilling rigs, pile drivers, etc. The products have been exported to ...

Feida Mining Machinery Co., Ltd. has been researching and producing water well drilling rig, DTH drilling rig and supporting equipment for 20 years.FY series ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our ...

TAIYE 's DTH rig machine has high reliability, adaptability, and safety for extreme working environments. They are suitable for blasting perforation of soft rocks, medium-hard rocks and ...

Yugong down-the-hole drilling rig uses hydraulic drive and high-pressure impactors to achieve rapid drilling. It is widely used in drilling operations under various rock hardness conditions, ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted

## Mianzhu 90 down-the-hole drilling rig

on the drill bit, is activated through the addition of compressed air and driven into the ...

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water conservancy, and stonework, as ...

The JL452H integrated down the hole drilling for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system. It is capable of ...

Down-the-hole drill, usually called DTH. The DTH system is by far the most versatile and can be used very successfully in a wide range of ground ...

KQTG-150 Down-The-Hole drilling drig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for ...

KG590/KG590H Down The Hole Drill Rig For Open Use can drill vertical, inclined and horizontal holes, used for drilling and pre-splitting holes in open pit mines and stone works, etc.

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...

In recent years, the demand for efficient drilling technologies has surged, particularly in the context of China's booming energy sector. DTH (Down-The-Hole) drilling rigs ...

The SWDS 90A-DTH is a high-efficiency separated crawler mounted surface hydraulic down-the-hole (DTH) drilling rig, designed for rock drilling and mining operations.

Down the hole drilling rig The Split hydraulic down-the-hole drilling rigs are mainly used for drilling operations in various types of mining, earthwork excavation on roads, railways and ...

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the ...

XQZ229 surface down-the-hole drill rig is a large-sized integrated down-the-hole drilling machine mainly developed for open-pit mines, which can complete the ...

The KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating the hole drilling system and screw air compressor system. It ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

## Mianzhu 90 down-the-hole drilling rig

1. Automatic drill pipe handling system with powerful off-road performance for less rig preparation time. Large displacement and high-pressure screw air ...

Our down-the-hole drilling rig features high drilling accuracy and efficient performance, while the service life is also guaranteed.

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and construction industries.

The KG590/KG590H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.

KG520/KG520H Down The Hole Drill Rig For Open Use The KG590/KG590H down-the-hole drillrig for open use is an improved device in compliance with ...

Reliable and Easy to Operate: This portable mine down the hole separated DTH rock blasting surface drill rig is designed for easy operation, making it ideal for users who require efficient ...

The Cat family of rotary drills covers every need and every application, no matter how big or small, no matter how harsh or remote. We offer drills in every size class -- small, medium, ...
