

KQTG-150 Down-The-Hole drilling drig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...

TECHNICALSPECIFICATION The Sandvik D25KS is a diesel powered, propelled crawler mounted blasthole and large scale quarrying. This production complete with a high pressure ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and construction industries.

Operating the equipment beyond its design limits can cause damage to people or equipment -Know the maximum operating dimensions of your drill rig when the hammer is installed - ...

XT48 Sandvik"s standard cemented carbide grade for most drilling conditions. XT48 should be your first choice, especially when drilling in rock that is not fully known. Spherical XT48 inserts ...

The D50KX rotary/DTH blasthole drill features digitally driven enhanced productivity with features like high-precision TIM3D GPS navigation and the Knowledge Box#174; for seamless connectivity ...

Proper PPE must be worn when you are operating the drill rig and the hammer. - Before you move the drill rig with the hammer, ensure that no one will be endangered. - ...

Explore TechCom"s range of Down-the-Hole (DTH) hammer drilling rigs from world-leading manufacturers Epiroc and Sandvik. Reliable, efficient drilling solutions designed for open-pit ...

The D50KX rotary/DTH blasthole drill features digitally driven enhanced productivity with features like high-precision TIM3D GPS navigation and the ...

This is why our Leopard Series down-the-hole drill rigs are the perfect match for the job. Machines in the series are at their best in production drilling, ...

Commando(TM) DC300Ri drill rig is a hydraulic, self-propelled, compact drilling unit on a four-wheel oscillated drive carrier with full radio remote control. Easily ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase

## Small Sandvik down-the-hole drill rigs

your productivity and sustainability, while reducing your total operation cost and ...

Sandvik is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to supplying your operation with the premium brand of rock tools, our range of added ...

Our full selection of mining and surface equipment for rock drilling, crushing and screening, loading, tunneling, quarrying, breaking and demolition.

Machines in the series are at their best in production drilling, quarry/mine development, presplitting and dewatering, and are suited to work at their maximum performance with ...

The Sandvik DI550 is a down-the-hole drilling rig that features a 324 kW diesel engine and a 32 cu. yd. (24.4 cu m) compressor air flow at 24 bar pressure -- making the ...

Surface Down the Hole Drill Rigs Sandvik Leopard DI650i Down-the-hole drill rig Sandvik Leopard DI560 Down-the-hole drill rig Sandvik Leopard DI550 Down ...

Surface mining operations require a high-capacity, down-the-hole drilling rig that can work 24/7. Sandvik developed the Leopard DI650i surface drill rig to meet ...

The Small DTH (Down The Hole) Drilling Rig is a compact, mobile drilling machine designed for drilling deep and precise holes in a variety of geological conditions.

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our surface drill rigs combine power ...

Designed for DTH blasthole drilling in mining, quarry and construction industries, it comes with an operator's cabin, fixed boom, dry dust collector and drill pipe changer.

The "Down-the-Hole" or DTH hammer is used for drilling holes through a wide range of rock types, the variety of which continues to extend well beyond the original conception of early blast hole ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

Operating the equipment beyond its design limits can cause damage to people or equipment -- Know the maximum operating dimensions of your drill rig when the hammer is installed -- ...

Sandvik DR412iE blasthole drill enhances rotary and DTH drilling performance, maximizing returns. It features scalable automation, from onboard systems to full autonomy, adapting to ...

## Small Sandvik down-the-hole drill rigs

Small Down The Hole Drilling Rig This product has been discontinued and removed from our shelves. We provide several optional types of down the hole ...

The drill bits are fitted with Sandvik's proprietary cemented carbide buttons, which are designed to drill further in any rock condition. The bodies are made from ...

The RH560 DTH hammer is a robust and reliable addition to your mining and long-hole production drilling operations. It drills fast and lowers your drilling cost per hole.

Surface mining operations require a high-capacity, down-the-hole drilling rig that can work 24/7. Sandvik developed the Leopard DI650i surface drill rig to meet industry needs, but they ...

Sandvik DU211-T is a compact track-mounted in-the-hole (ITH) drill rig with a minimum width of 1.2 meters. Designed to carry ITH hammers powered with ...

This page provides you with SANDVIK DR560 down-the-hole drill rig parameters, prices, pictures and other information. It is the main website for your SANDVIK DR560 down-the-hole drill rig ...

Surface Down the Hole Drill Rigs Sandvik Leopard DI650i Down-the-hole drill rig Sandvik Leopard DI560 Down-the-hole drill rig Sandvik Leopard DI550 Down-the-hole drill rig
