

Yulin reliable down-the-hole drilling rig

For more than 20 years we have specialized in research, development and produce of rock blasting drilling rig, water well drilling rig, diamond core drilling rig, anchor drilling rig, and ...

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

Mastering the operation skills of down-the-hole drilling rigs can help everyone complete construction tasks more safely and efficiently.

Built with robust materials and heavy-duty components, these rigs withstand harsh drilling environments, ensuring reliable performance and a prolonged service life even in demanding ...

Different Types of DTH Drilling Rigs Down the hole drilling rig is to make the impactor dive into the hole in the process of rock drilling to reduce the energy ...

Prodrill Down-The-Hole Drilling Machine,DTH drill rig, DTH driller, Diamond wire saw machine, granite quarrying machine,quarry rock drills for granite quarrying

Robust design is built to last and adds safety to daily work. An accurate control system with simple icon displays makes drilling easy. Clear gauges for drilling ...

Hydraulic systems, air compressor systems,powertrain systems and electrical systems are reasonablydesigned to ensure the optimal energy output andimprove working efficiency.The ...

Yugong down-the-hole drilling rig uses hydraulic drive and high-pressure impactors to achieve rapid drilling. It is widely used in drilling operations under various rock hardness conditions, ...

Discover how the right down-the-hole (DTH) drill rig can boost your mining and construction efficiency. Learn about rig types, key features, and ...

Looking for a reliable and affordable down the hole drilling machine? YG Machinery offers complete DTH drilling solutions including rig, air compressor, ...

Looking for a reliable and affordable down the hole drilling machine? YG Machinery offers complete DTH drilling solutions including rig, air compressor, drill tools, and after-sales support.

The KG610H down the hole drill rig for open use is equipped with a dust collector, thus making operation

Yulin reliable down-the-hole drilling rig

more environment-friendly and reliable.

It can drill vertical, inclined and horizontal holes, used for drilling and pre-splitting holes in open pit mines and stone works, etc.

Discover how the right down-the-hole (DTH) drill rig can boost your mining and construction efficiency. Learn about rig types, key features, and expert tips from Unite Machinery.

Company Introduction: Mengyin Feida Mining Engineering Machinery Co., Ltd. is one of the largest manufacturers of water well drilling rigs and down-the-hole drilling rigs in Shandong ...

Equipped with standard plunger motor and international engineering machinery walking track, it is more powerful for climbing, more reliable in quality and high in walking efficiency.

1.The rack and pinion cylinder is used for the rotation of the drill frame, which has large torque and reliable positioning, makes All-round rock ...

Leading Manufacturer of Down-the-Hole (DTH) Drilling Equipment for Mining, Construction & Water Wells. Premium products at fair prices. Get a Quote Today!

The tracked down-hole drilling rig adopts full hydraulic crawler chassis to realize slewing at the same place and crawling 30°steep hill. Chassis is designed with ...

Purpose-built for hard strata conditions the C625 D, DTH drilling machine is the right choice for Metal, Limestone, Dolomite and Aggregate open cast quarries and mines.

DL long-hole drilling rigs are a kind of mining hydraulic drilling rig in underground mines project. Our production drill rig is mainly used for drilling blast holes of vertical, inclined, fan-shaped, ...

Different Types of DTH Drilling Rigs Down the hole drilling rig is to make the impactor dive into the hole in the process of rock drilling to reduce the energy loss caused by the transmission of the ...

It is equipped with a Yuchai six-cylinder National IV engine, with a compact structure, good integrity, and easy movement. The drilling vehicle has the characteristics of energy saving and ...

Kaishan Portable Blast Hole Open Mine Drilling Machine KG726 Down The Hole Hammer Drill KG726/KG726H open-pit DTH drilling rig is an upgraded ...

The core hydraulic components are imported from Europe. The reliable hydraulic system greatly reduces the workload of system maintenance and is convenient and practical;3. Powerful two ...

Yulin reliable down-the-hole drilling rig

Crawler DTH Drilling Rig Introduction The crawler-type down-the-hole drilling rig is a new type of comprehensive drilling rig specially used for rotary drilling of ...

MWYX-420 separated DTH drilling rig is equipped with a dual-motor rotary head and a rotary speed-adjustable multi-way valve. The rotary torque can be 2200N.m, which meets the needs ...

The JL452H integrated down the hole drilling for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system. It is capable of ...

DTH Drill, also called shallow surface drill rigs and rock drills, combine performance and economy, Mainly used for mining, quarrying, railway, transportation, water, building materials, ...

The KG410/KG410H dth drill rig for open use is equipped with a dust collector, thus making operation more environment-friendly and reliable.

DTH Drilling Rig Manufacturer YG Machinery YG Machinery is a leading DTH Drilling Rig manufacturer with years of expertise, offering reliable, efficient, and easy-to-operate rigs for ...

When it comes to efficient and precise drilling, down the hole drills are essential tools for various industries. These powerful machines are equipped with key ...
